USE OF PHOTOGRAPHIC AND VIDEO IMAGES OF CHILDREN

There will be occasions during the school year where parents/carers and the school will wish to take photographs or make a video recording of their child/children taking part in a school activity.

These activities may include assemblies, school performances, sports days, educational visits, the daily life of school or wider partnership events such as those organised by the Catholic Partnership.

These images may be used for use in the local media.

In order for the Trust to ensure that as far as possible parents/carers and Schools use of photography and video is safe we will:

When a pupil is admitted to an Academy issue parent/carers with a letter and consent form (**Appendix 1**) giving written permission for photographs to be taken of their child/children while in school or involved in school activities. This policy and consent will cover the whole of the pupil's life at the School.

The School will not use photographs or videos of children who are no longer pupils at the school, unless separate specific consent has been obtained to cover the intended use. The School will at all times consider the need to revisit the consent in the event of a pupil's circumstances changing.

Photography or filming will only take place with the permission of the Headteacher/Head of School and under the supervision of a member of staff. When filming or photography is carried out by the news media, pupils will only be named if there is particular reason to do so (e.g. they have won a prize). Only images that show the school and pupils in a positive light will be used by the local media.

Photographs may be taken by photographers acting on behalf of the school for use in displays and publicity material.

Images may be used for the school's own purpose, including the school website (any pictures used in this way will not identify pupils in any way).

The Trust recognises that there may be circumstances, falling outside the normal day to day activities of the school, in which pictures of children are requested. The school recognises that in such circumstances specific consent from the parent/carer will be required before the school can permit photography or filming of children (**Appendix 2**).

GUIDELINES AND CONSIDERATIONS WHEN TAKING IMAGES OF CHILDREN

When considering the use of images of children, the School/Academy will ensure that:

- (i) Where the subject allows for such discretion, close up pictures of individual children will be avoided and instead general shots of classroom or group activities taken.
- (ii) Where possible only images of pupils in suitable dress (e.g. school uniform) will be taken. Even in a sports context, where practical, photographic/video images of children in PE or swimming gear will be avoided.

- (iii) When a photograph or video image of a child is used, the child's name will not normally accompany the photograph/image in a caption or any accompanying text. (Please also see section entitled "Use of Images of Children by the Press").
- (iv) When a child is named (for whatever, agreed reason), in any text which is published or on the School's website, a photograph/image of the child will not appear with the text.
- (v) No details of home telephone numbers, e-mail or home addresses are given.
- (vi) Where pupils/parents wish their name to be associated with an image (e.g. if the subject matter is such that it reflects well on them or their school) the School will seek additional parental/legal guardian permission for the child to be named using the form attached at **Appendix 2**.

PARENTAL RIGHT TO TAKE PHOTOGRAPHS

Parents are not covered by the Data Protection Act 1998 if they are taking photographs or making a video recording for their own private use. The Act does not, therefore, stop parents from taking photographs or making video recordings at school events, such as nativity plays. However, the School/Academy reserves the right to refuse parents this opportunity for health and safety reasons, such as the use of excessive flashlight, bulky or noisy equipment.

Parents are not permitted, however, to take photographs or to make a video recording for anything other than their own personal use (e.g. with a view to selling videos of a school event). Recording and/or photographing other than for private use would require the consent of the other parents whose children may be captured on film. Without this consent the Data Protection Act 1998 would be breached.

If the School or Academy itself records the school play etc. so it can sell the recordings to parents, then it will comply with the requirements of the Data Protection Act 1998.

USING PHOTOGRAPHS AND IMAGES OF CHILDREN SUPPLIED BY A THIRD PARTY

The Trust recognises that copyright exists in photographs/video images and this copyright generally rests with the photograph/video matter.

Before using any image supplied by a third party, the School/Academy will ensure that it checks that the third party owns the copyright and permission is given in writing by the individual(s) to use the photograph/image.

A third party who provides such photographs/images will be asked to confirm in writing that they have the express consent of the parent/legal guardian to use the said photograph / image.

USE OF IMAGES OF CHILDREN BY THE PRESS

There may be occasions where the press take photographs at school of pupils. The press enjoy special rights under the Data Protection Act, which permit them to publish material for journalistic purposes.

Generally, parents and relatives take pride in “press cuttings” which picture and perhaps also name their children and for most, this outweighs any fears about this information being misused. However, some parents do object to the publication in the press of information about and images of their children. As a result the School/Academy will ensure that the consent of parents is sought prior to giving the press access to children. The standard consent form attached **Appendix 1** to this policy document covers this area.

The manner in which the press use images is controlled through relevant industry codes of practice as well as the law. In this way a check is put on the potential improper use of images of children by the press. The School/Academy will ensure that it politely checks that broadcasters and press photographers who may be on the school premises are aware of the sensitivity involved in detailed captioning, one to one interviews, and close or sports photography.

USE OF PROFESSIONAL PHOTOGRAPHERS

The School/Academy will ensure that any professional photographer engaged to record a school event is prepared to work according to the terms of this policy document and the following guidelines:

(i) In the context of Data Protection legislation, the photographer will be considered as a “Data Processor” and any agreement with them will be in accordance with the Data Protection Act 1998.

(ii) Photographers will only be used if they guarantee to act appropriately to prevent unauthorised or unlawful processing and against accidental loss or destruction of, or damage to, the personal data including photographs.

(iii) Photographers will be asked to sign up to an agreement with the school which will include:

- Compliance with the Data Protection Act 1998 (most professional photographers will be aware of these requirements).

- That material may only be used for the School’s own purposes and that permission has not been given to use the photographs for any other purpose.

CLOSE CIRCUIT TELEVISION (CCTV)

CCTV may be used in Trust premises for a variety of uses including:

- (i) As a method of controlling access.
- (ii) An aid to site management in monitoring incorrect parking, manoeuvring vehicles, delivery arrivals etc.
- (iii) Pupil behaviour issues/bullying. As a behavioural tool during breaks and lunch times it can be used to identify hot spots of inappropriate behaviour. It may also be used to monitor within the building, corridors and areas out of sight or not frequently trafficked by staff.

- (iv) To monitor site safety and security.
- (v) As an effective deterrent for crime and as a means of crime reduction and discouraging trespass.

The use of CCTV within Trust will be in accordance guidance issued by the Information Commissioner - CCTV Code of Practice 2008

Carmel College

Consent Form**For Photography and Images of Children**

Dear Parent or Carer

During your child's life at Carmel College we may wish to take photographs of activities that involve your child. The photographs may be used for displays, publications and on a website by us or organisations to which we are affiliated for example the Diocese or the Catholic Partnership or by local newspapers.

Photography or filming will only take place with the permission of the Headteacher/Head of School and under appropriate supervision. When filming or photography is carried out by the news media, children will only be named if there is a particular reason to do so (e.g. they have won a prize), and home addresses will never be given out. Images that might cause embarrassment or distress will not be used nor will images be associated with material on issues that are sensitive.

Before taking any photographs of your child, we need your permission. Please answer the questions below, sign and date the form and return it to Carmel College. You can ask to see images of your child held by the establishment. You may withdraw your consent at any time.
